Welcome to Mthashana College. Our college offers National Certificate (Vocational) and Diploma courses in a range of business and Engineering fields at five main campuses across northern KwaZulu Natal.

In addition, five skilled campuses offer a variety of part-time and full-time occupational qualifications. The college also engages in learnship programmes. This publication aims to provide prospective students with detailed information about courses and programmes currently on offer at our various campuses. Please study the contents carefully and discuss your options with Student Support Services or with any of our Senior Lectures before making your final choices as these impact on your future study options and your career.

WHAT YOU NEED TO KNOW

The availability of courses and subjects listed in this publication will depend on the number of students enrolled.

National Certificate (Vocational) programmes are offered on a full-time basis only. New NC (V) students are required to complete assessment prior to registration.

N4-N6 programmes are offered on a full-time and part-time basis only.

All prospective students are required to complete an application evaluation form as set by the specific Campus at which they wish to study.

Through the Department of Education & Training's TVET Colleges' Bursary scheme, bursaries are available to qualifying NC (V) and full-time N-Level students. Enquiries can be made at:

Bursary Office at 034 980 1010 or at your nearest campus.

About TVET

Mthashana College is one of nine public Technical & Vocational Education & Training (TVET) Colleges in KwaZulu-Natal, and one of 50 in South Africa

But, what is a public TVET College? Public Technical and Vocational Education & Training (TVET) Colleges, which fall under the governance structures of the Department of Higher Education & Training, strive to provide high quality education and training to help equip yourself with the qualifications and skills you need to start out on a chosen career path.

At a TVET College you gain invaluable life skills to meet the many challenges of the working world, not just a paper qualification. Public TVET Colleges also work closely with role players and stakeholders from various industries to help fulfill the great need that exists for trained, skilled and qualified employees through customized education and training programmes.

TVET COLLEGES OFFER THE FOLLOWING QUALIFICATIONS

NATIONAL DIPLOMA

A National Diploma (M+3/NQF5) Qualification is awarded to students who have completed their N4 - N6 in a specific field at a TVET College and are able to provide proof that the required relevant in-service training period has been completed. The full duration including completion of studies and in-service training is usually 3 years.

NATIONAL CERTIFICATE (VOCATIONAL)

A range of vocationally based programmes introduced at TVET Colleges in 2007. Read prospectus thorough for further details and a schedule of NC(V) programmes offered at Mthashana College

SKILLS PROGRAMMES

Short duration skills-based programmes offered by TVET Colleges, usually from rurally located skills campuses. The Occupational Programme Unit is in charge to the skills training programmes offered by Mthashana College.

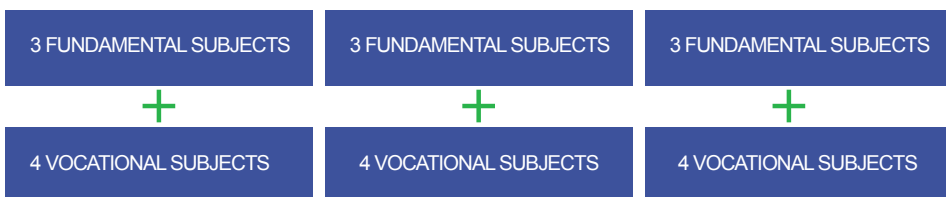

LEARNERSHIPS

A training programme that combines theory at a college or training centre with relevant practice on-the-job. It is a legally binding agreement between an employer, a learner (typically an existing employee of the company) and a training provider. For further information contact the Occupational Programme Unit on 034 980 1010. TVET Colleges are accredited by the national accreditation board UMALUSI, SETA's & QCTO.

WORK PLACEMENT / OFFICE PLACEMENT OF STUDENTS

The work placement office assists both Report 191 and NCV students to obtain the necessary practical experience they need. However, this does not relieve students of the responsibility for finding a suitable host company.

In order for the placement office to place Report 191OR Level 4 students, they must have passed all their modules. This application does not apply for engineering students as they can be placed from N4-N6 for skills programs. Student must submit his/ her CV to the placement office.

NCV level 4 students are also given the opportunity for experiential learning over a period of 5/10 days. All level 4 WBE be placed according to the program to be placed on that particular year.

The college does not have a budget to pay a stipend to all students who are placed for the in-service training. Students receive a stipend if the college has been awarded funding from the Seta's.

An agreement must be signed between the college, the student, the SETA and host employer. This agreement must outline the responsibilities of all parties.

VISION

To be the preferred learning centre of excellence.

MISSION

To bridge the gap of skills shortages through quality teaching and learning leading to employment and self-sufficiency.

VALUES

Honesty
Commitment
Fairness

Transparency
Good Communication
Teamwork
