They were doing a fencing for the college. This project is one of the projects that are done by NIAMS. NIAMS is a initiative by the Department of Higher Education and Training. The project costed R3 119 018.50 million. It is one of the first that has been completed. There are still more to come. Mr Magwentshu [...]

The Eastern Cape Entrepreneurship Inter-College 2021 competition is hosting its first regional competition from July to October 2021 with the regional finals to be held in October 2021. The competition is funded by the Allan Gray Orbis Foundation Endowment and Future Managers and supported by the Department of Higher Education and Training, Eastern Cape Regional TVET Colleges.

The purpose Inter-College competition is to identify student entrepreneurs at an Eastern Cape regional level, and for these entrepreneurs to have a platform to pitch or showcase their idea or their innovative business to a panel of judges. The aim is to invite investment into these student businesses.

Additionally, this process will allow the TVET Colleges to showcase their talent on a regional level and show how they support and grow the next generation of business leaders.
